## ASSOCIATED SUBDIVIDERS ARE DINNER GUESTS OF F. P. NEWPORT AT OLD ADOBE IN WOODLANDS

Advocates 'Ownership Of Land' See Continuation  
Of Prosperity In South; Many Compliments  
Paid Glendale As 'City Of Homes'

By GIL A. COWAN

An organization promoting good feeling in realty circles, each member trying to outdo the other in the upbuilding of southern California.

That is the Associated Subdividers of Southern California, nineteen firms in all, whose representatives were the dinner guests of F. P. Newport of the F. P. Newport company at the Old Adobe on Opechee Way in Verdugo Woodlands, Glendale, Saturday night.

J. T. Anderson, deputy real estate commission for the southern California district; James M. Rhoades, secretary of the Glendale Chamber of Commerce; and newspapermen, including the real estate editors of the Los Angeles Examiner, Times and Herald were among the special guests.

R. E. Chadwick is president of the Associated Subdividers; John Coleman, vice-president; A. E. Comerford, secretary, and E. E. Shafer, treasurer. As expressed by various speakers in Saturday evening's session, the purpose of the organization is to "clean up" the real estate excursion business and to promote a friendly feeling among competitive concerns.

That they have succeeded is evidenced in the reports that "body snatching" and unethical methods of alluring people to new tracts have been stopped and that the co-operation of the newspapers, both in paid advertising and publicity, will be used more generally to obtain results.

### Impressed with Beauty

The visitors were greatly impressed with the beauty of the Verdugo Woodlands section of Glendale and many compliments were paid to this city of homes by the various speakers. Secretary Rhoades of the local Chamber of Commerce told them of the wonderful growth of Glendale, saying "even the people who live here cannot comprehend it."

In speaking of the desirability of having a home here in this splendid American city, Mr. Rhoades referred to the effort of E. C. Hale, writer of the "Dear Katie" letters in The Glendale Evening News, in finding foreigners here. It was an impossible task, for after a day's investigation Mr. Hale found only a few Japanese and Mexicans—not enough to write about.

Regarding the healthfulness of Glendale, the speaker stated there were five sanitariums here and that the Henry-Brown company, manufacturers of Sierra Club beverages, had found the Verdugo springs water to be the best in southern California for the manufacture of their nationally known ginger ale, etc.

"Five years from today investors will have doubled their money in Glendale property," declared Mr. Rhoades in closing.

W. L. Twining, general manager of the F. P. Newport company, acted as toastmaster and after calling on the newspapermen for a few words, introduced Mr. Anderson, the deputy realty commissioner.

### Only One Southland

After explaining the attitude of the commission, the deputy said:

"I realize there is but one southern California in the world—unique in its geography and peopled mostly by white Americans. Therefore, we do not want to hamper the real estate business here, but to aid the dealers in every way. That is the service for which they pay their license fees and we will lend the co-operation of our office in everything that is worthy."

Speaking on economic conditions Mr. Anderson declared that "business is very much better than it was" (Continued on Page 5.)

Glendale's Own, the Fifth Separate company of National guards and local headquarters company, arrived in Glendale at 1:30 o'clock this afternoon after a two-weeks' encampment in Yosemite National park.

From esprit de corps of the local soldier boys as they marched up Brand boulevard preceded by a motorcade, there were signs of intensive drill and a happy, "tired" look that only service men can have.

From a casual word with the boys, they had a fine time. In another column will be found a story of their last few days in camp.

Mr. and Mrs. John F. Tassmere Entertain for Visitors; Visit Much Enjoyed

Mr. and Mrs. John F. Tassmere of 409 East Lomita avenue had the pleasure recently of entertaining old friends from New Haven, Connecticut, when Mr. and Mrs. George Shea, who lived within a block of them for fifteen years visited southern California with the Elks' convention.

After many pleasant reunions with their old neighbors, the Sheas left for the Yellowstone for a visit there before they return home.

Another old friend, Miss Josephine Powers, a high school teacher from New York City who has also been a visitor in their home, will spend the summer in southern California.

As soon as Mr. Tassmere finishes his work on the film he is engaged for with the Hamilton White company, he plans to take his wife for a few days' trip to Santa Barbara.

**GUTHRIE FAMILY CAMPING**

Mr. and Mrs. Charles B. Guthrie and family left Glendale Saturday morning for a four to six weeks' auto trip up the coast. They were fully equipped with camping outfit and utensils for making camp when they desire or they will stop at a hotel, as fancy strikes them. Mr. and Mrs. Guthrie probably will go into Washington and from there swing around and eventually reach Yellowstone Park.

**\$20,000 BUILDINGS SALVATION OF SOUL TO HOUSE CLETRAC AGENCY HERE**

Harry E. White, Inc., Planning Show Place for Brand and San Fernando

Harry E. White, Inc., San Fernando valley representatives of the Cletrac (tank type) tractor with headquarters here, have plans ready for the construction of their office building and shop at the intersection of Brand boulevard with San Fernando road and Forest street. The improvement, which will cost in the neighborhood of \$20,000 will be under way this week, it is expected.

The fifty-year old gum trees that adorn the corner already are being removed as necessary for the construction work and while this natural beauty spot is being pruned, the plans call for a show place which will be unequalled in local business establishments.

Both buildings—the office and shop—will be one-story, 25 by 100 feet in dimension with plaster exterior and composition roof. They will be sixty feet apart and connected by an ornamental fenced-in driveway. They will be set back twelve feet from the sidewalk and fifty feet from the present intersection of San Fernando and Brand. All the space not occupied by the buildings will be laid out in ornamental shrubs and lawns with an automatic sprinkling system.

Alfred F. Priest of 1422 North Central avenue is the architect.

**Sespe Country Club Members to Organize**

Members of the Sespe Country club are scheduled to meet Tuesday night for effecting a permanent organization. A. L. Baird and Oliver Clark of this city are among the temporary trustees in the organization which will have Kellerman lake of the Sespe Light & Power company's dam sites for its preserve.

As exclusively told in The Glendale Evening News about one month ago, instead of membership initiation fees, those who join purchase a block of stock in the power concern for the privilege of using its lake. A similar club is being organized in Los Angeles.

Others interested in the club which will be composed principally of Glendale people are Dr. Ernest G. Bashor and Walter B. Bishop of Los Angeles and W. E. McCampbell of Fillmore.

**SUBJECT BEFORE PRESBYTERIANS**

Rev. Louis Tinning Tells How People Should Meet Tests on Earth

In the absence of the pastor of the Presbyterian church the assistant pastor, Rev. Louis Tinning, preached Sunday morning. He used as his text Mark 8:36, 37: "What shall it profit a man if he shall gain the whole world, and lose his own soul? Or what shall a man give in exchange for his soul?"

During the late war one spoke of the times as times of sifting; there were no middle grounds,—it was either for or against. These times are so. People are being tested; and the test is as to the ability to produce real character. The one who is not producing real character is not doing worth while. There is nothing higher, better. The supreme question with us is, How are our lives affecting those we touch? And can we say we are in growing touch with God?

**Some Books Soil Souls**

Make it practical: Apply such a test to books. There are books without end these days. But there are many whose effects on character are destructive. Reading them is far worse than a waste of time; they soil souls.

The sifting test can be applied to business. How much of the business today is harmful? How much of it the world would be better off without. And so many are so busy that much that is of first consequence is crowded out. We need to earnestly see to it that we are putting the emphasis in the right place, and not crowding out the things which really are of chief importance. We need to sift. In what we are doing are we chiefly moulding character, accomplishing results to the greatest possible extent? Christ said: "Ye shall know them by their fruits;" what are you bringing to pass? God meant us to live lives of the greatest usefulness. Not happiness first, but happiness does come with the greatest usefulness, the character that God deems vital. We cannot afford to be occupied with those things that God does not count vital.

**What Influence Have You?**  
If this testing as to vital value should be applied to books and to business, it must also to the doings of the church. Am I doing what is worth while? How one has been impressed by the passing of some quiet life, in the great sense of an influence gone. That influence means a life earnest, true; it means the sifting out of the unessential, un-vital things.

It is God's greatest purpose that men should be saved, saved for time and for eternity. How many fall short of the standard God means for us, stop with inadequate ideals, our conception too small of the place He would have us fill? We think "This will do;" "This will answer the purpose;" but no, if it can be more highly and perfectly done, then it will not do. Anything we do that concerns the development of souls demands our best, no second best.

**Thousands Led Astray**  
What does our Savior want for every soul born into the world? Salvation.  
This is for time and eternity. God's greatest messages are just for this, and always will be; are we living up to and meeting our obligation? And then Christ's heart yearns for the feeding of every soul with nourishing food of vital truth. "Feed thy sheep, my lambs," is this message to the church. Thousands today are living on husks, ashes. Their deceived hearts have led them astray. The great need of today is a great soul hunger for the real food of the truth.

Another vital need today is more insistence that the goods which the church offers to hungry men are to be found in no other market. "How shall we escape if we neglect so great salvation?" Men can be saved only by the salvation Christ has provided. What shall a man give in exchange for his soul? Life is far too short to afford space for those things which are not vital; only those things can find room which God can own and bless and use in the building of His kingdom.

Proving the intense penetrating powers of X-rays, a French scientist produced photographs of human bones which were taken across a courtyard 250 feet broad and through a thick brick wall. This clearly showed the necessity of proper protection when using the powerful rays.

**EVERY NEED GIVEN CARE OF GOD; IS SERMON TOPIC**

Dr. C. M. Crist's Talk Based Upon Words of Apostle Paul to Church

"God's Generous Provision," was the subject of an interesting sermon by Dr. C. M. Crist of the First Methodist church Sunday morning. It was based on the words of the Apostle Paul to the church at Philippi: "But my God shall supply all your needs according to his riches in glory by Christ Jesus."

"This great declaration," said Dr. Crist, "is from the pen of a great apostle and is recorded in the divine book of life, the great book of divine treasure. It is wonderful in many respects. Sir Walter Scott, the great Scottish poet, when dying, asked for 'the book.' As he had a great library he was asked which book he meant. He replied, 'The book of all books, the Bible.'"

"The Bible is a great book historically, containing the sweep of the ages; tracing the history of man from his creation on down. The Bible is a great book doctrinally, giving to the world the mighty truth that has revolutionized society. The Bible is a great book because it contains the Decalogue, which forms the basis of the laws of all civilized countries. The Bible is the center of the spiritual universe and is pre-eminently the spiritual guide."

**Voice of Loving Father**  
"It is the voice of a loving father coming down to mankind in all ages and in all conditions, especially in times of need and trouble, abounding in promises, so many we can scarcely count them."

"The text reads that God shall supply all our needs, not all our wants, as some misquote it. God supplies our physical needs. All creation argues his care for us. It is written on every flower and on every fruit and on every mountain wherein is stored an abundant water supply. God supplies our intellectual need and stimulates our mental activity. He is saying to us, 'Come, let us reason together.'"

"Through the aid of the telescope and microscope he has enlarged our vision and brought new worlds within our range. If King David, back in his time could say, 'The Heavens declare the glory of the Lord,' we should be able to say it with increased emphasis."

**In Image of God**  
"God supplies our spiritual need. Man is essentially a spiritual being and created for an endless existence. The things that are material are short lived and will soon pass away. But man is of a different creation, is made in the image of God. He supplies our spiritual need in many ways; by direct visitation that refreshes the soul; through the new birth He brings us into a new life; in prayer He is just as real to us as to Jacob in his dream and to Stephen in his visions."

"God supplies our need through His divine word. He talks to us through the printed page, herein the necessity of Bible study, daily systematic reading of the word. He reveals himself to us in service to others, in Christian fellowship; He will cause our hearts to burn within us as we commune one with another. And finally he has anticipated our need and provided a heavenly home for all who love him."

**BACK FROM VACATION**

N. W. McBride of 126 North Louise street has just finished his two weeks' vacation and is back in Chaffee's store again. The first week he gave over to the Elks' convention, and last week, with Mrs. McBride he enjoyed delightful trips to San Pedro, Redondo and Venice.

## WHO WILL SECURE FIRST BICYCLE? BOY OR GIRL?

Parents Are Aiding Young  
Folk to Get Wheels; Get  
Busy Today

With more new entrants in The  
Glendale Evening News Bicycle Sub-  
scription club starting this morning,  
added enthusiasm is given the race  
for the \$65 Harley-Davidson wheel.  
Who will be first to win?

That is the question that interests  
all of the boys and girls. For there  
is something in store for the young  
solicitor who can complete the task  
of getting twenty new yearly paid  
in advance subscriptions or their  
equivalent.

That is a promise, not a threat,  
which should spur the workers to a  
realization of their dream of earning  
a wheel of their very own.

It is the statement of A. T. Blanford,  
manager of the subscription  
club, that right now is the best time  
for any boy or girl to enter. The  
people are in a receptive mood, they  
want a good local newspaper and they  
appreciate the fact that The  
Glendale Evening News offers them  
just that.

Girls Meet With Success  
Girls, especially, are meeting with  
a great deal of success in getting  
new subscribers. They are more  
earnest in their endeavor than many  
of the boys, but it must be confessed  
that boys are leading.

Parents are aiding their children  
in getting the required amount of  
business for they realize it is a good  
occupation for the youngsters. Fur-  
ther, they cannot lose and have  
everything to win as there are bi-  
cycles for all who "make the grade."  
The subscription club does not close  
until September 1, so get in today.

## F. P. Newport Host at Sub-Dividers Dinner

(Continued From Page One)

six months ago" and that he believed  
it a good move on the part of the  
subdividers to launch an advertising  
campaign in the newspapers.

President Chadwick declared that  
one of the greatest factors in city  
building is the newspapers and Los  
Angeles county is unique in having  
progressive newspapers that are ex-  
ploiting Southern California to the  
world.

"The purpose of subdividers," he  
said, "is to convert people to the  
ownership of land."

**Pioneer Gives Talk**  
For sheer enthusiasm in the work  
of subdividing, W. S. Myers of Myers  
& Platt electrified the two-score of  
diners with a recital of what those  
present, the pioneers of communities  
had done in Southern California.

"When you see cities grow from  
90,000 to 750,000 in twenty-one  
years, the time I have been in Los  
Angeles; when you see towns grow  
like Glendale which has nearly dou-  
bled its population in a year's time,"  
said the speaker, "I wonder if you  
can appreciate the men who have  
taken the barren land and built  
cities. It is a mighty marvelous  
proposition.

"You have done just this. It is  
the subdividers who had the back-  
bone to go out and make Hollywood  
and even Watts. It was their faith  
that built a Holtville and the other  
towns of the Imperial Valley desert  
country. The subdivider is the real  
pioneer."

**Many Other Speakers**  
F. P. Newport, George W. Race,  
George May, John Coleman, Mr.  
Commerford, Mr. Osborne, Emil  
Firth and others of the "big boys"  
in the subdivision game spoke, some  
telling stories to break the monoton-  
y, others giving advice and most  
of them revealing facts of interest  
to the real estate men who left the  
table happy in the thought that they  
soon will meet again at Maywood  
where their wives and sweethearts  
will be present and aid them in hav-  
ing a good time while building a  
greater Southern California.

To Mr. Twining goes a great deal  
of credit in making Saturday night's  
affair most pleasurable. His ready  
wit as toastmaster kept dull care  
away and the meal which was pre-  
pared by Mr. and Mrs. Robert Rus-  
sell was especially fine. Salesmen  
of the Newport company, who daily  
entertain excursionists at Verdugo  
Woodlands, waited on the tables.

## William Faversham Featured at Glendale In 'Sin That Was His'

William Faversham most conclu-  
sively demonstrates that the art of  
the finished actor is as effective on  
the screen as it is on the stage in  
his second Selznick Picture, "The Sin  
That Was His," which opened its en-  
gagement at the Glendale theatre  
yesterday and continues as the fea-  
ture today.

Mr. Faversham's story gives this tal-  
ented star an opportunity to portray  
two distinctly different types of men  
—one a notorious gambler and the  
other a churchman. Mr. Faversham's  
versatility is more than equal to the  
test, and even if his past record had  
not stamped him as one of America's  
greatest actors, his performance in  
"The Sin That Was His" would in-  
stantly pronounce him a star.

Hobart Henley's direction also is  
entitled to great praise, and his  
handling of every scene denotes a  
thorough understanding of his sub-  
ject.

Some unusual lighting effects,  
large sets representing an entire  
Canadian village, and technical work  
of super-excellence are also noted in  
this fine Selznick production. In the  
supporting cast are to be found  
Pedro De Cordoba, Lulu Warrenton,  
Lucy Cotton and others who are  
known to screen fame.

The latest Pathe News, Topics of  
the Day and the Hallroom Boys in  
"A Chilly Romance" complete the  
program.

## In Southern California

**Judge Hanna Passes On**  
Judge Septimus James Hanna, who  
succeeded Mary Baker Eddy as head  
of the Christian Science faith, passed  
on at his home in Pasadena yester-  
day at the age of 77. He was na-  
tionally known as an author and  
served as president of the Massachu-  
setts Metaphysical college. For the  
last ten years he has been conduct-  
ing special classes in metaphysics.

**Flies Close to Earth**  
Baker Johnson, Long Beach air-  
man, piloted a plane so close to earth  
yesterday that he decapitated an au-  
tomobile. But the occupants threw  
themselves on the ground and es-  
caped injury. The pilot was trying  
to get under the "wire" of a tele-  
phone company when the accident  
occurred.

**Making Enjoyable Holiday**  
Guy Musser, a deep sea diver, took  
occasion to slap his wife on the Ven-  
ice pier—wherever that is—accord-  
ing to those present. A Sunday crowd  
seeking excitement started the call of  
"Lynch him." It would have been a  
glorious spectacle, but the police in-  
tervened. Musser begged for the  
protection of a jail cell.

**Girl Dies in Auto Plunge**  
Katherine Elizabeth Messenger,  
aged 7, daughter of Mr. and Mrs. Ira  
Messenger of Burbank, was killed  
yesterday when the automobile which  
her father was driving plunged from  
the Mt. Wilson road and catapulted  
400 feet into a ravine. Mr. Messen-  
ger escaped unscathed.

**On Inside Looking Out**  
Truth must out, 'tis said. And now  
it is stated that Dr. John J. Finley  
forged a check for \$210 to purposely  
get into jail where he has made a  
study of criminal psychology. He  
has served as physician for the Santa  
Rita clinic and Bronson house settle-  
ment, but for five months the doctor  
has been getting first-hand informa-  
tion from such people as Louise  
Peete, Mrs. Mabel Roe, Mrs. Edith  
Lundberg, Raymond W. Smith and  
others playing in the cast of "The  
Killers," Los Angeles' master pro-

**Omaha Physician Ends Life**  
Dr. John Shelby, prominent Omaha  
physician, committed suicide at  
Venice yesterday by severing the jugu-  
lar vein with one of his surgical in-  
struments. Despondency due to ill  
health is said to have occasioned the  
tragedy.

**Japanese Blocking Highway**  
Japanese farmers are blocking the  
Clifton-White Point road with  
chains, and have employed Mexican  
guards to keep traffic off, according  
to reports to the Automobile Club of  
Southern California today by numer-  
ous motorists who were forbidden to  
use the road yesterday.

The road is a much-traveled short-  
cut between San Pedro and Redondo.  
It is said to have been used for fifty  
years, which under the law would  
make it public property, auto club  
officials said.

The Japanese explanation for the  
seizure is that pleasure traffic inter-  
fered with truck transportation of  
their farm products.

The Automobile Club of Southern  
California will push an immediate  
investigation, according to Field Sec-  
retary Carl E. McStay.

Feeling between Japanese and  
whites is said to run high in the Clif-  
ton-White Point district. Trouble  
over possible forcible attempts to  
open the road is feared.

## LURES OF WAYSIDE CAMP AT YOSEMITE ARE PICTURED BY REV. C. A. COLE FOR SOLDIERS IS BROUGHT TO END

Central Christian Congregation  
Warned of Danger at  
Every By-Road

By SALVADOR FELIX  
Member of Glendale's Company at  
National Guard Camp, Now  
in Yosemite Valley

The finishing touches are being  
put on as the encampment of two  
weeks draws to a close, and we are  
not sorry, as drilling in the hot sun  
is not much fun.

Wednesday we had a gas mask  
drill, which was both interesting and  
instructive. We were taught the dif-  
ferent parts and best ways to use  
the mask and after the instruction  
were drilled for over an hour, with-  
out rest, and without removing the  
masks. When wearing a mask one  
can breathe almost naturally, but of  
course one perspires more easily.

The masks are an improvement on  
the ones used during the war and  
they can be put on in less time. They  
also do not become dim and become  
hard to see through as the case of  
the war-time masks.

**Review Takes Place**

In the afternoon, we were reviewed  
by Lieutenant General Borree, who  
arrived the day before by airplane.  
It is said. Following the review we  
assembled and had the privilege of  
hearing him speak. He congratulated  
the officers and men for the  
success we have had in carrying out  
the plans of the encampment and  
also because we are the ones who  
will be ready to answer the coun-  
try's call should there be need. He  
laid emphasis upon the necessity for  
preparedness in times of peace.

That evening the different com-  
panies supplied numbers for a pro-  
gram given at Yosemite Lodge. Our  
company was well represented by  
Glen Heard, who played several se-  
lections on his violin, and by Neil  
Sprinkle, who proved to be quite a  
singer.

**Give Glendale Yells**  
There was an immense crowd  
there, which came from all parts of  
the camping grounds. Our com-  
pany was there in full force and we  
gave some of the Glendale yells. We  
use the yells when we are on hikes  
and never miss an opportunity to ad-  
vertise Glendale.

Our cook, Millar Young, says that  
to cook forty pies for one meal on  
an army stove is no joke, even if he  
has a half a day to do it in. We ex-  
pect a real meal today and he says  
that he is going to give us a sur-  
prise. Everyone is expecting some-  
thing else tonight, too, that is, the  
pay. It came directly from Sacra-  
mento and was certainly well  
guarded, a machine gun being one  
of the few small instruments of pro-  
tection.

As far as we can learn, we will  
leave here Sunday morning, but we  
really can't tell, for in the army  
they say one never can tell exactly  
when anything will become a reality.  
We all hope for the best and sur-  
ely will be glad to get home.

**Roy Horning Takes  
Position In Montana**

Roy Horning, who has been liv-  
ing at 340 Mira Loma for the past  
twelve years and who has been the  
head physical director of the Y. M. C.  
A. in Los Angeles, has accepted the  
position of general secretary of the  
large and prosperous Y. M. C. A.  
at Helena, Montana, and is now  
packing up his effects and will move  
there. However, he is not selling  
his home but has turned the manage-  
ment of his property over to Charles  
B. Guthrie, who has just leased it for  
a year to Mrs. I. Winslow of 1119  
South Glendale avenue.

It is possible that Mr. Horning  
will make Helena his future home.  
However, until he is more certain he  
will keep his property in Glendale in  
the event that he wishes to return  
to this city.

**Jack Rand, Flyer In

Dr. and Mrs. H. F. Rand of 411

week-end visit with their son, Jack  
Rand, who came down from March  
field Saturday. Jack is a cadet fly-  
er in the aviation corps and has  
passed all the examinations to be-  
come a pursuit pilot. He plans to  
take six months' advance work be-  
fore he leaves the service.

Mrs. Rand and her daughter, Mrs.  
J. E. O'Connor, Jr., who is visit-  
ing her, have been attending the camp-  
meeting at Alhambra.

**Glendale People Are

Exchange of Los Angeles with a cap-  
ital stock of \$100,000. They reside  
at 205 North Central avenue.

The Astro-Therapeutic Ministry of  
Glendale has been organized with no  
capital stock. H. A. and Mina C.  
Graves of Glorieta avenue are prin-  
ciples.

A. P. McBoyle of 369 Milford

Vapooile company with a capital  
stock of \$50,000.

## SPECIAL NOTICE

An Important New Factory For Los Angeles

I want my fellow townspeople to have an opportunity to share the  
substantial profits that will be made by the Modern Glass Hollowware  
Factory being erected at Richmond and Daly Streets. Every member  
of the Executive and Sales forces have made substantial investments  
in the Company's stock. The foremen, mechanics and operators are  
all stockholders—these workers have purchased \$83,000.00 of the  
Company's stock. The Management and also all important workmen  
have had over 20 years' successful experience in the line out here on  
the Coast. There has been no promotion stock issued and no commis-  
sions paid for selling stock—every nickel has gone into the treasury.  
Here is an exceptional opportunity to "Boost" Southern California and  
enjoy large earnings while doing so.

The Factory is nearing completion—let me drive you over to the  
plant on a tour of inspection and give you detailed information about  
this much needed sound industry. It will be a pleasure to call and see  
you. Please write or phone.

**DOROTHY PHILLIPS  
STARS PICTURE  
OF THE AGES**

'Man, Woman, Marriage' Cre-  
ates Furore at Palace  
Grand Theatre

"Man, Woman, Marriage," presented at the Palace Grand Theatre yesterday created a furore. It is said to have cost a half million dollars to produce and that over 5000 people appear in the scenes. It is the feature both today and tomorrow.

Much has been written about this remarkable superdrama and much was expected and that it fulfilled every expectation was evidenced by the breathless interest with which it was witnessed and the frequent salvos of applause which greeted its amazing sequence of brilliant and colorful pictures.

Dorothy Phillips is the star and ascends new heights in her truly wonderful interpretation of Victoria. Great credit is due Allen Holubar, the director-author.

Few stories with such spectacular splendor have held such a depth of heart interest or wealth of detail. Yet at no time do even these gorgeous scenes draw one's attention from the thrill of the modern story which they so enhancingly illustrate.

The story is of universal appeal. It has been pronounced by literary critics to be amazing in the magnitude of its theme.

It traces the ascendancy of woman through the opalescent haze of mythology and the confusing reality of the medieval period into the amazing whirl of the modern day. Customs and habits are strangely contrasted in this engrossing drama of "Man, Woman, Marriage" through the ages past.

**Frank D. Booth Dies;  
Funeral Tomorrow**

Friends of Frank D. Booth will be grieved to learn of his death Sunday, July 24, 1921. Mr. Booth was the husband of Mrs. Essie L. Booth of 145 South Maryland avenue. He also leaves two children, Wilbur and Carter, and a mother, Mrs. F. D. Booth of St. Louis, six brothers, four of whom reside in St. Louis and W. T. Booth of Roscoe and Burnett C. Booth of Los Angeles, and one sister who resides in St. Louis.

Mr. Booth was a member of the Glendale lodge of Elks No. 1289 who will have charge of the funeral services. He was born in Des Moines, Iowa, May 1, 1875, and had been a resident of California for sixteen years. Mr. Booth was an employee of the telephone company here in the early days and will be remembered by many friends. Later he was in business at Roscoe.

Funeral services will be held tomorrow afternoon at 2 o'clock from the Little Church of the Flowers. The Rev. E. E. Ford will officiate. Pulliam & Kiefer Undertaking Co. is in charge.

F. Mac. G. Kelly, for years proprietor of the Glendale Plant and Floral company, has disposed of his interests and will seek a well earned rest. Mr. Kelly's knowledge of plants and flowers, however, is so comprehensive that his counsel will be sought continually by the citizens of Glendale.

Successors to Mr. Kelly are Messrs. Downing and Fox. R. E. Downing is well and favorably known to the citizens of Glendale through his connection with the Western Union of which he is still manager until the company can secure a successor to relieve him. Prior to coming to Glendale Mr. Downing was interested in a small ranch where his interest in growing things was propagated. Originally, Mr. and Mrs. Downing came from Texas to Oklahoma.

T. M. Cox of Paris, Texas, partner of Mr. Downing was formerly salesman for the Brown shoe company of St. Louis in Texas and Oklahoma and has had a world of varied business experience.

The Downing & Cox Nursery, as it is to be called in the future will carry a full supply of shrubs, trees, seeds, plants, flowers, ornamental pots, hanging baskets, fertilizers, etc. Mrs. Downing will assume charge of the office sales which assures the ladies of Glendale a charming reception and courteous attention to the women.

The company is to maintain a regular delivery system and will be assisted in the work by Messrs. Thowt and McCay, both experienced nursery workers.

**Merchants to Compete  
for Fine Loving Cups**

Silver loving cups are to be awarded to the winners of both displays as an interesting feature of the first Glendale Merchants' exposition here August 27 to September 3, inclusive, under the auspices of the Chamber of Commerce.

Three handsome loving cups will be donated by the management of the exposition to exhibitors who have the most novel, the most attractive and the most original booth. The manner of displaying the merchandise and the way the ideas suggested by the goods are carried out, also the decorative ideas which do not detract from the display of merchandise are among the strong points which will decide the winners.

"Buy it in Glendale if it is just as good or better and costs no more," is the fair and business like slogan of the Glendale Merchants' exposition. No purchases are asked except on the merits of the goods. The Glendale merchants are confident in every case of coming out winners when an actual comparison of quality and price is made.

It is not so much a question of whether Glendale merchants can make good on the slogan adopted, but rather one of proving to the buying public that they can. If enthusiasm and intelligent effort counts for anything, the Glendale Merchants' exposition is already an assured success.

The committee will appear personally before the council and emphasize the need for exploitation of "the fastest growing city of its class in America."

**'LEFTY' HERMAN HAS  
REGULAR RECORD  
FIRST SEASON**

Local Lad Hangs Up High  
Mark With Stick; May  
Join Major League

"Lefty" Herman, the 18-year-old Glendale high school youth, continues in his phenomenal stride with the Edmonton, Canada, baseball team. The big first baseman, who was predicted by many experts to "flounder" after a few weeks in professional ball, started his career by bagging a home run in Edmonton's first game and has been among the leaders throughout the season.

In the first half of the Western Canada league, which recently ended with his team in the "runner-up" position, "Lefty" finished in second place among the regular players, batting at an average of .341. During that time he played in fifty-three games, was at bat 208 times, scored thirty-four runs and made seventy-two hits, many of which were for extra bases.

Ever since the first week of the season young Herman has been stamped by northwestern sport writers as the "Babe" Ruth of the circuit. During the first six games he garnered ten extra base hits, including three home runs and as many triples, for a total of thirty bases. He has been nicknamed by the Edmonton scribes as the "Young Eskimo Giant," and is a favorite to fans all around the circuit.

**Not Given to Cubs**

The report given in a Los Angeles paper last week to the effect that Herman had been turned over to the Chicago Cubs has been branded by the boy's father, C. F. Herman of 441 West Harvard street, as erroneous. Although a number of big league scouts are keeping their eye on the local phenom no deal has yet been made for his services. No less than five "ivory hunters" from the big show have witnessed him in action and are favorably impressed with the former Glendale high school boy's playing, and it will be no surprise to the wise ones if Herman's name will be seen in the lineup of one of the major league teams next season.

Those who are familiar with the ins and outs of the great national pastime, however, are unanimously of the opinion that "Lefty" should spend at least one more year in the minor league before stepping up to the majors. A season in the Pacific Coast circuit, which is considered to be the best class AA league in the country, would round him out into a finished performer, is their claim. What he will do remains to be seen.

**Bold Creature Visits  
Mrs. A. Nolan's Home,  
Causing Excitement**

Which is the less of two evils—burglars or spiders?

That is the question that Mrs. A. H. Nolan of 3602 Seneca avenue asked herself Friday, following a strange episode that frightened the entire neighborhood. It happened like this:

About 2 o'clock Mrs. David Anderson of 3738 Seneca avenue, who is a close friend and neighbor of Mrs. Nolan, rushed into her husband's room and told him that Mrs. Nolan had telephoned for her to "come and see a burglar." Knowing that Mrs. Nolan was alone at her home, Mr. Anderson immediately put on his hat and hurried to the scene of the supposed theft.

While walking toward Mrs. Nolan's residence Mrs. Anderson stopped to tell Mrs. Wm. Davis of 3722 Seneca avenue, who is a mutual friend of the ladies, of the "burglar."

With Mr. Anderson circling around the alley toward the rear entrance of the house and the two ladies bearing down from the front, the relentless posse commenced to close in on the criminal. At last Mr. Anderson stealthily reached the back door, which he quietly opened, and slipped into the kitchen. At the same time his skirmishers from the north side were entering the front door.

**Ha! Mystery Is Solved**

Mrs. Nolan, who was quietly sitting in the front room, advanced to greet her friends, with the excited exclamation, "Did you see the spider?"

"Spider?" shouted the three callers in unison, "Where's the burglar?"

"There hasn't been any burglar here. You must have misinterpreted me, Mrs. Anderson. I only asked you to come over and see a large spider that I found on the porch!"

After due explanation it was found that Mrs. Nolan had discovered a giant arachnid suspended from the front porch, and had thought it so extraordinary that she invited Mrs. Anderson to "come over and see it."

"The large spider, which was two inches in diameter, would present a fierce-looking appearance to the most savage cannibal," explained J. A. Erickson, as he was speaking of the episode, "It resembled a tarantula, with fuzzy legs and a rounded brown and yellow body."
